This is the real historical Rotrude de Hesbaye.

COLLISION ALERT!

Fictional Hybrid Rotrude de Hesbaye de Haudre de Charlemagne, Who Is ALL Seven Women Merged into ONE!

Sanne is actively merging the two daughters of Charlemagne (Ruodhaid by Madelgarde and Rotrude by Hildegard) with Rothilde de Haudre the daughter of Duke Haudre, and then calling his fictional hybrid Rotrude de Hesbaye, the wife of Ingelram de Hesbaye.

IT'S A HUGE INSANE MESS that only got more confusing when I encountered the REAL Rotrude de Hesbaye, the wife of Charles Martel.

It's only a matter of time until some idiot like me starts to accidentally merge Sanne's fictional Rotrude de Hesbaye with the REAL Rotrude de Hesbaye.

Why?

It's because people have already started assigning a couple of the different daughters of Charles Martel as the wife of Ingerman de Hesbaye, as well as assigning the wife of Charles Martel as the wife of Ingerman de Hesbaye – in name, if not in actuality.

Chiltrude (Rotrude) is one such daughter, and so is Landree or Landrada.

Ingelram de Hesbaye

IT'S A HUGE MESS.

This is what happens when Sanne tries to merge all of the Rotrudes, Rothildes, and Ruodhuids that he can find with Rothilde de Haudre the daughter of Duke Haudre in order to produce a fictional hybrid or chimera that he calls Rotrude de Hesbaye, the Abbess of Faremoutiers.

I've tried to correct this problem by separating these women on Family Search and Ancestry.com; but, Sanne just keeps merging them all together into ONE anyway. At least now I'm getting faster at separating them out and restoring them on Family Search because I have them all backed up on Ancestry.com where Sanne can't get at them to destroy them.

I'm also documenting what I'm doing so that others can more easily figure out what's really going on, because Sanne continues to destroy my work on a daily basis.
